

VOLUNTEER.

ANNUAL SIGNATURE EVENTS

•DAY OF CARING (August)

Day of Caring is an annual volunteer service event open to individuals and teams of volunteers that want to paint walls, read to kids, stuff envelopes, plant trees and so much more. This is a day to promote the spirit and value of volunteerism, increase the awareness of local human service issues and demonstrate what people-working together-can accomplish.

•HOLIDAY HELPERS (Nov. - Dec.)

The holidays are a time to celebrate the things we're most thankful for, and many want to share their time helping those in need across our community. Individuals and teams can sign up for a variety of meaningful holiday projects at local nonprofits.

•DAY OF ACTION (June)

United Way of the Midlands connects caring volunteers with out-of-school time programs for children, spending time during that day as Reading Buddies for students ages six to eight years old.

CORPORATE VOLUNTEER EVENTS

In addition to our annual signature events, we have the resources to help volunteer teams give of their time most effectively to nonprofits in need of assistance. Whether it's an hour or an afternoon, we provide a quality experience to volunteers that will impact our community by helping improve the lives of others.
