THE IMPORTANCE OF JAG NEBRASKA

JAGINE

JOBS for AMERICA'S GRADUATES NEBRASKA
In Association with United Way of the Midlands

A physical or mental health diagnosis. A difficult situation at home. A lack of transportation or internet access. We know thousands of students are facing these challenges – and more – making it harder for them to succeed in a traditional classroom.

To help these students achieve a bright future, JAG Nebraska utilizes a programming model developed by the national Jobs for America's Graduates organization. The programming is conducted on-site at schools during school hours, and it helps students develop their skillsets and overcome hurdles so they can succeed in the classroom and the future workplace.

HOW TO GET INVOLVED
