

shop for good!

Kendra Scott

Our Kendra Gives Back program is to help fundraising efforts by offering 20% of all proceeds from designated shopping events at Kendra Scott Village Pointe.

Kendra Scott also has a virtual platform that allows us to reach communities that may not have the chance to shop locally. By hosting a virtual event online, we will set up a customer code for your audience to shop our website, with 20% of all proceeds benefiting United Way of the Midlands. Your code will be live for two days.

Or your Business would choose a 2 hour time frame for your supporters to come and shop. We will create all the marketing for you to use on social media, email blasts and internal portals, as well. All that we ask of you is to provide a full two weeks of promotions through your promotional platforms.

Thank you for joining forces with us to give back to United Way of the Midlands and those in need. For more questions please reach out to Makayla Woodson at Makayla.Woodson@kendrascott.com
