COMMUNITY RESILIENCY

Addressing urgent needs today to advance a better tomorrow

United Way of the Midlands connects a trusted network of organizations and resources to deliver meaningful results for our community. Through a review process involving more than 120 community volunteers, we invest in local nonprofit programs that address the issues people care about most.

As community needs evolve, UWM is also increasingly called upon to fill gaps through innovative partnerships and direct services that connect people to help when and where they need it. Through this combination of investments and direct services, we make your giving go further.

- **Align giving with the areas of greatest need.**
- **Support hundreds of impactful programs with one strategic gift.**
- **Connect a range of services at a scale no program could reach alone.**
- **Empower community voice in decision making.**
- **Endorse quality programs so they can secure even more support.**

Together, we will deliver
15 Million
services for our community.
